CHANGING TO E-ADMINISTRATION

Log into the ePledge system as if you were pledging or via the email with your link from United Way (uwgg@unitedwaygso.org).

When you are setup as an e-Administrator you will have an option on the main menu to “Change to e-Administration”. If you do not have this option and you are the organization’s e-Administrator please contact United Way.

Click on the menu item “Change to e-Administration” on the right side of the screen to access the admin utilities. Only those with e-Administrator access will see this.

You should now see a screen that looks like this, with your company’s logo:

VIEWING YOUR CAMPAIGN’S STATUS

The “Campaign Status” screen will display summary information about your organization’s campaign. It breaks down the campaign into a simple dashboard with total raised, number of donors, percent participation, average gift, and gift per capita. As pledges are entered in the ePledge system, you can view the status of your campaign in real time.

Note:

- If you have multiple locations within your campaign that each have a corresponding ePledge site, you can view the overall status by selected “Rollup Amounts” or toggle to see all locations and how each is doing individually using the “All Locations” button.
- This page will only display employee transactions entered through ePledge or paper pledges processed by United Way’s Finance staff. It will not include special event money or paper pledges that have not yet been submitted to United Way or yet to be processed by United Way’s finance staff.

When providing internal campaign updates, only refer to the overall total giving and number of investors per the Campaign Status page.

 - Mark the ESR Partial or Final (Partial if you are planning to submit another envelope later; Final if this is your last envelope to submit)
